

LEARNING THE RIGHT WAY

Empower yourself with knowledge of educational institutions of various professional streams for a bright and secure future

JAGAN NATH UNIVERSITY

JAGAN NATH UNIVERSITY, JAIPUR, established by an Act (No. 19 of 2008) of Govt. of Rajasthan and has been approved by UGC u/s 2(f) of the UGC Act 1956. The University was established with an aim to impart quality education in a highly competitive global environment in a wide array of disciplines through latest curriculum, improved teaching methodology, recruitment of best talent as faculty, development of excellent physical and academic infrastructure, industry interaction, having a research base in all areas of studies by harnessing the Faculty of Management, Faculty of Engineering and Technology, Faculty of Mass Communication, Faculty of Law, Faculty of Architecture, Faculty of Information Technology and many more. The University was started with the noble ideals of promoting higher education in the State of Rajasthan through research and dissemination of knowledge.

During the span of two years of its inception it is gaining wider recognition for its remarkable progress and is clearly emerging as one of the premier private universities in the State of Rajasthan and will surely stand up to the expectations of the public at large with its main thrust to provide world class education and promote research with value based objectives.

The University aspires to be a Center of Excellence providing education of the highest quality.

The University has developed a modern world class campus spread over the sprawling 50 acres of beautifully landscaped area with intellectually vibrant ambience in a serene and lush green environment. The WI-FI enabled campus has the state-of-art infrastructure comprising environmentally conditioned Administrative Block, Academic Blocks, spacious Class rooms with internet and intranet connectivity and hi-tech multimedia and audio-visual equipments, well equipped modern laboratories and lab, Learning Resource Centre, auditoriums, seminar halls, separate hostels for boys and girls, sports facilities and residential complex for faculty and staff.

A Graduate from Jagan Nath University is like a finished product ready to take on the competitive world with not only deep academic insight and technical know-how, but is also armed with values and ethics, since special attention and training are imparted keeping in view our cultural traditions and to inculcate in them the age old traditions and values which helps in grooming a well round personality.

The University is situated at Rampura, Tehsil Chaksu, Jaipur which is in proximity to the airport and industrial area at Tonk Road on its vast campus spread over more than 50 acres of land with all modern

educational facilities in its ambience. The University also has its own 10.5 acres of campus at Sitapura, Jaipur. The University has its own dedicated transport system between the Jaipur City and the Campus.

G.L.BAJAJ

IT'S CELEBRATION TIME FOR GLBIANS! Every one is in jubilant mood and why not? The university results and the placement records of G.L.Bajaj have been fantastic. Too double the treat, G.L.Bajaj has also been Ranked A++ by Business Sphere for its excellent placement, ultra modern infrastructure, strong industry interface, competent faculty and brilliant academic atmosphere. The Sunday Indian, one of the finest source of information has rated G.L.Bajaj among the top 30 institutions and it has earned rank 4th all over India. This is the reason that most reputed surveys of Mail Today and EFY Reports has listed G.L.Bajaj as one of the most preferred self-financed institution in the country. Eagerly awaited market research report by Dalal Street has also named G.L.Bajaj as highly sought-after institute in northern India.

Needless to say that under the prestigious banner of R.K. group, G.L.Bajaj is on its glorious path of success. Chairman Dr.R.K. Agarwal, himself a Chemistry doctorate, gives the credit of this success to the rock-solid principles, strategic planning, competent faculty and robust teaching methodology.

Indeed these are the strategic efforts of the institute and the carefully selected faculty members, most of whom are Ph.Ds with international publications, that the institute scored as high as 86% in U.P. Technical University results.

The efforts of G.L.Bajaj are blossoming in the wonderful score cards earned by the students in various exams. GLBIans have secured up to 98 % in CAT exam. A good number of GLBIans have performed excellent in GATE and are admitted to IIT's for M.Tech program. GLBIans have also shown their presence in the leading US and UK based Universities. The students give credit to the Career Guidance Cell that frequently organizes career guidance workshops, to give students an insight on their future prospects.

G.L.Bajaj goes an extra mile for research activities through it's Research and Development Cell. Under the guidance of this Cell GLBIans have designed & fabricated a 110 cc, limited slip differential equipped car and prepared Synthesis bio diesel and tested their performance on I.C. Engines.

The Institute achieved 5th rank in placements amongst all colleges in the northern region with its record 100% placement in MBA and 98% of eligible students in B.Tech and MCA.

No doubt that the lush green residential campus with verdurous sprawling lawns and playgrounds built over 11.25 acres of prime land in Greater Noida, provides every possible opportunity and facilities to foster better learning & living.

Institute can be reached at: www.glbitm.org, 0120 - 2323818, 09999945222

THE MAHARISHI MARKANDESHWAR GROUP

INSTITUTE IN THE LATE 80S and early 90S we discovered that several deserving candidates from various underdeveloped regions of north India were not getting access to quality technical education. In 1993 we, with unstinted support & encouragement from family and friends, established the Maharishi Markandeshwar Education Trust (now rechristened as Maharishi Markandeshwar Education Trust). The Trust made its first move into the stream of privatization of education by setting up the First Self-Financing Engineering College at Mullana in the State of Haryana in the year 1993. The engineering college in a very short span of time made a name for itself in the region. The quality of its academic delivery, industry interface, physical & learning resources made it one of the most sought after engineering colleges in north India. Over the next 17 years we added courses in management, computer applications, dental sciences, medicine, nursing, physiotherapy, pharmacy, education etc. All of the colleges we started became benchmarks- both for faculty as well as students- of quality education in their fields. This encouraged and emboldened us to take our efforts to a new level. We now had a vision encompassing not only our region but our entire nation also.

Our vision "to develop better than the best professionals for the economic development of the country" and mission "To prepare students with an integrated and technology oriented education for a better career and to be worthy citizens of a global society" were the basic driver that led us to the setting up of the Maharishi Markandeshwar University, Mullana-Ambala (MMU) in the year 2007.

We also strive to provide high quality governance & leadership through various organizational arrangements, short-to-long term planning, stakeholder involvement and a strict adherence to professional ethics and conduct. We have in place an internal quality assurance mechanism and have recently acquired an ISO certification for quality management systems. However, we will not like to rest on our laurels and have started new campuses at Solan (HP), Sadopur-Ambala (Haryana) & Rambha-Karnal (Haryana). These new campuses will have the same vision, mission and goals that have today already made MMU-Mullana a great institution of learning.

TARSEM KUMER GARG, PRESIDENT

A SILENT WINNER OF ENGINEERING FIELD IN PUNJAB

BHAI MAHA SINGH COLLEGE OF ENGINEERING (BMSCE, MUKTSAR) is one of the most renowned and the first NBA accredited engineering institute in the Malwa region of Punjab. It was established under the aegis of Adesh Foundation, Muktsar in the year 2002, with the sole purpose to impart excellent technical education. Within the span of 8 years of its establishment, the institute has attained fame by virtue of its lofty aims and its efficiency in the field of Technical Education. The institute is functional under the versatile chairmanship of Dr. H.S. Gill and a dynamic leadership of Col. Dr. D.S. Grewal as its Director.

Affiliated with Punjab Technical University, Jalandhar, the institute offers AICTE approved courses in B. Tech Computer Science and Engineering, Electronics and Communication Engineering, Mechanical Engineering, Information Technology, M.Tech. courses in Nano Technology, Micro Electronics & Computer Science Engineering, M.B.A., M.C.A., B.C.A. and Ph. D programmes in Applied Science, Mathematics, ECE, CSE, Nano technology and Management. The institute also ensures to add new courses year after year and is moving in the direction to turn the institute into a world class university that can cater to the needs of almost every field. The institute has been planning regular up gradation of the institute. This year also the B.Tech courses of Nano-Technology and Automobile Engineering are to be added in the courses already offered. Deemed to be University status is the long term objective which the institute plans to obtain within the next few years. **First engineering college in Punjab malwa region NBA Accredited**

Bhai Maha Singh College of Engineering (BMSCE, MUKTSAR) Stands in grades

• Placement Record	A+
• Infrastructure	A++
• Faculty and staff	A+
• Study Environment	A+++
• Facilities	A+++
Total overall	A++

■ OUTLOOK

IILM

The Post Graduate Programme at IILM Institute for Higher Education, caters to the demand of management professionals and prepares its graduating students for challenging careers through an intensive and rigorous curriculum. It strives to create a niche of talented managers who make meaningful contributions to global businesses. Speaking about the IILM Vision 2015, Mrs. Sapna Popli, Director and Executive Dean says " Our vision 2015 is to be a leader in values based management education and business focused research. At the center of our vision is "The Student" and our endeavor is to provide an exceptional student experience based on creative and inspirational teaching, knowledge and skills valued by the industry, research that flows into teaching and learning and proactive employer engagement in the region."

IILM aims at maximizing the learning value-add in the two years that student spends at the institute". As a part of the Vision, IILM has identified the following as the key initiatives for the year: curriculum integration, faculty engagement, assessment of learning, student experience and mentoring, and industry engagement. It encourages the faculty to explore inspirational, innovative and creative approaches to teaching, learning and assessment, which will contribute towards delivering an excellent student experience.

We have also made conscious efforts to engage industry more actively in program design and delivery by means of visiting professors from industry, curriculum conferences, industry focused seminars and customized training programs. The curriculum is not only benchmarked with the best schools in India and across the world but also updated constantly with the feedback from the industry.

IILM believes in holistic development of its students and their participation in the education programme, instills into them professionalism, critical thinking, ability to work hard, and take decisions.
